FLEET FACILITIES STAFF REPORT

October 8, 2020

Brian Maxwell, City Manager
Honorable Mayor and City Council Members

Subject: Receive and file: Section 2-73 of the city charter requires that the council members are to be informed of auction sales that exceed \$1,000. This staff report represents the receiving and filing of all auction sales for fiscal year 2019-20.

I. Background

- A. The Fleet Facility has been utilizing web based on line auctions since 2008. Web based on line auctions eliminates unnecessary site auctions and their associated costs. The auction proceeds are increased due to technology and the expansion to worldwide clients through the internet.
- B. Gov Deals is contracted through Buy Board, which is a cooperative purchasing organization that the city is a member of that performs bidding packages for local governments. They have a superior rating in the auction market for government organizations. We have averaged around \$150,000 annually on auction sales. Prior on-site auctions averaged 60K.
- C. Gov Deals is totally transparent and keeps records for auditing purposes. All payments are channeled through the web site who then makes ACH payments to the city. The city also keeps all required records as well.
- D. Section 2-73 of the city charter requires that the council members are to be informed of auction sales that exceed \$1,000 per sale.

II. Current Situation

Section 2-73 of the city charter requires that the council members are to be informed of auction sales that exceed \$1,000. This staff report represents the receiving and filing of all auction sales for fiscal year 2019-20.
