

City of Galveston

DEPARTMENT OF INFORMATION TECHNOLOGY

STAFF REPORT

Date January 27th, 2022

To: Brian Maxwell, City Manager
Mayor and City Council Members

From: Hope Dean, Executive Director & CITO

Project location: N/A

Project: N/A

Request: Consider for approval the renewal of the Oracle database software support agreement for \$18,728.21 utilizing DIR contract TSO-4158, through authorized reseller Mythics, Inc.

Prior Council Action

2021 council approval for 1 year agreement.

Background

- Oracle is the database software platform that serves the City's finance software, geographical information system (GIS), and Development Services software solution. The agreement ensures the City's ability to obtain technical assistance and related security patches. Additionally, the agreement provides the City access to new releases.
- The maintenance and support agreement for the database software that runs the financial, human resources, GIS and Development Services software solutions is expiring and requires renewal. This agreement provides the City access to product patches, software upgrades and access to Oracle technical support as needed. This is to request approval for the renewal of the support for a one (1) year term, running March 22, 2022 – March 21, 2023.

Fiscal Impact Report

- **Funding Source.**
 - Information Technology Operating Budget

Total Cost.

Oracle Database Enterprise Edition - Named User Plus Perpetual (27)	\$ 3,494.48
Oracle Database Standard Edition 2 - Processor Perpetual (1)	\$ 2,622.57
Oracle Database Standard Edition 2 - Processor Perpetual (5)	\$ 7,891.27
Oracle Database Enterprise Edition - Named User Plus Perpetual (25)	\$ 4,719.89
Total	\$18,728.21

Alternatives

- **Option 1:** Renew the database software support agreement for 1 year.
- **Option 2:** Do not renew and the support will expire. The City will not have the support agreement and software upgrades will have to be purchased at a much higher price. This would limit the ability to obtain technical support, access to security patches and increase the risk of data loss stored in these systems.

Staff Recommendation:

Approve the renewal of the database software support agreement for 1 year in the amount of \$18,728.21.
