We’ve just ended another successful Mardi Gras season and I want to thank our special events team, public works and all our public safety staff who worked hard to make this a safe event.

In the last several weeks, we’ve seen important progress on the 45th Street project and the demolition of the annex building. On 45th Street, contractors have completed large sections of paving and started work on the west side of the road. City staff continue to work closely with the contractor to expedite this project.

The demolition of the annex was completed in February and the contractor is preparing the grounds to become a new public green space. Once the grounds are ready, work on that project will begin thanks to funding from the Moody Foundation.

Also in the last month, the City of Galveston has hosted several events that draw attention to Galveston and its operations. For instance, in January the City Manager’s Office hosted the Galveston County Mayors and Council Members Association at Fire Station 1. This event drew dozens of leaders from across the county to Galveston. In February, city staff worked with the state Texas Recreation and Park Society to host more than 1,100 parks and rec professionals from across the state at the annual state conference. This year the conference was held at Moody Gardens. These events are great opportunities for us to share information about some of the things we’re doing in Galveston and show off our beautiful island.

Sincerely,
Brian Maxwell

COMMUNITY OUTREACH

LAST MONTH’S ACCOMPLISHMENTS

• Informed the public about City events, outreach & campaigns via social media, press releases and videos
• Responded to more than 50 media requests in January, as well as department requests for outreach and requests for information from residents and visitors
• Produced employee spotlight, Waves of Information and other promotional videos
• Routinely updated website and managed the city’s social media sites as well as Channel 16
• Represented city in numerous public meetings
• Provided services for special event permitting and oversight
• Moved forward on Welcome to Galveston guide
• Prepared advertising materials for Census 2020 and other initiatives
• Launched Rumor Control page
• Began a collaborative project with the park board for a business resource guide

UPCOMING PROJECTS

• Assist media and City departments with requests
• Continue updating website and social media
• Finalize video streaming services contract
• Prepare materials and resident guide for GISD expo
• Prepare Galveston University spring session
• Prepare for Mardi Gras
LAST MONTH’S VIDEOS

• Employee Spotlight: Trish Anderson
• Galveston PD Briefing
• Police Promotion
• January 13 Waves of Information
• Lifeguard Tryout
• January 27 Waves of Information
• GPD: Breakfast with a Cop

SPECIAL EVENTS

LAST MONTH’S ACCOMPLISHMENTS

• January 17th - 18th: 11th Annual Chili Quest and Beer Fest
• January 18th: Martin Luther King Jr. Parade

UPCOMING PROJECTS

• February 9th: Annual Galveston Marathon and Half Marathon
• February 14th - 25th: Annual Mardi Gras! Galveston Celebration
LAST MONTH’S ACCOMPLISHMENTS

• 24” Waterline from 59th St Pump Station to Airport Pump Station – Notice to Proceed with construction issued, preconstruction meeting completed, and project schedule is in review. Ongoing Construction management and Inspection for the following:
  • 8 Mile Road (Sunny Beach) Sanitary Sewer Project – construction is 60% complete
  • 27th Street Corridor Phase 2 Ave O to Seawall Blvd. – construction is 22% complete
  • 30th Street Water and Electric Light Station – construction is 98% complete – Scheduled for final completion end of March 2020
  • 45th Street Broadway to Seawall – construction is 42% complete, paving placed Broadway to Ave N will be utilized for north bound traffic beginning Feb 8 on the east side lane. Paving place on the east side lane from Broadway to Ave P ½. Storm Sewer work proceeds south to Seawall Blvd. with paving to follow.
  • 49th St. Improvements Ave P to Ave S ½ – Notice to Proceed for construction issued January 19. Project Duration 256 days. Mill and overlay driving surface, replace existing storm sewer, sanitary sewer, water lines, and some sidewalks and driveways.
  • 59th street Ground Storage Tanks Rehabilitation – 4 separate tanks - construction is near 100% with pressure testing, bacteria testing, and sampling. Tanks will come on line in February and March.
  • 59th Street New 7.5 MG Ground Storage Water Tank – construction is 91% complete
  • 73rd Street from Heards Ln to Ave N ½ - Proposals taken and contract will be completed in February for March construction start.
  • Airport Waste Water Treatment Plant Renovation – construction is 95% complete.
Completion date scheduled for April 4, 2020

• Downtown Pedestrian Transit LCI – Proposals received. Construction will begin after a review of existing conditions have been coordinated with the bid package.
• Fire Hydrant Replacement – ongoing
• Fire Station #1 – occupied by City 97% complete/Annex demolition begun
• Market Street 25th to 33rd Streets (west) – construction is 98% complete. Landscaping has begun, decorative street light fixtures ordered by CenterPoint Energy, and handrails installed.
• Public Works Facility - Parking Lot – City has accepted occupancy
• Warehouse – City has accepted occupancy
• Admin. Bldg. – 95% complete – furniture installed
• Site improvement – demolition of the Bersinger complete, parking surface construction begun
• Sanitary Sewer Rehabilitation – ongoing project
• Construction Projects developing or imminent
• 25th Street from Broadway to Seawall - Notice to Proceed for construction issued for February 24th start.
• Air Traffic Control Tower Improvements – construction beginning
• City Garage Re-roof – construction began, scheduled completion May 2020

• S136M Grant Drainage Engineering in Process:
• CDBG-59th Street Saladia Pump Station and Storm Sewer Improvements encompassing a large drainage area South of Broadway between 61st and 41st Streets, approximately $135 Million.
• TWDB-Citywide Drainage Master Plan considering Pump Stations and 25 Year Storm/Atlas 14, with Tidal Inflow Mitigation considerations.
• Projects in Proposal Phase:
  • Terramar Wastewater Treatment Plant and Infiltration and Inflow Study
  • City Wide Lift Stations Priority #3
  • Main Wastewater Treatment Plant Sludge Dewatering Building Rehabilitation
  • Main Wastewater Treatment Plant Blowers and Miscellaneous Improvements
• Drainage and Waterline Improvements on Church Street from 35th to 33rd Streets
• Portable Flood Wall for Island Transit (3 sides)-
• Fixed Cantilever Flood Wall for Island Transit (Facing 29th Street)
• Island Transit Flood Dewatering VFD Pumps, Generator and Elevated Platform
• Traffic Signal Design for 37th and Avenue O
• Projects in 60% Design:
  • County Managed Project: 23rd Street Reconstruction from Broadway to Seawall
  • County Managed Project: Avenue S Reconstruction from 53rd to Seawall
  • Citywide Priority #2 Lift Stations Upgrade Design-
  • New 5.4 MG Ground Storage Tank #2 at Airport Pump Station
  • Projects in 60% Design:
    • 2.5 Million Gallon, 10 Mile Road Elevated Storage Tank; Tank similar to:
  • RFPs in Preparation:
    • Annual Mill and Overlay (Completed and sent to Purchasing for advertising with front ends)
  • Projects in Construction Contractor RFP Proposal Negotiation
  • Airport PS and new 4.6 MG Ground Storage Tank #1
  • Legas Drive Structural repair design of sloped paving, bulkhead, storm sewer pipe system and sidewalk
  • Projects in Pre-Bid Phase-Front Ends being prepared by Engineering
    • Main WWTP Digesters Dewatering and Process/Structural Improvements.
  • Seawolf WWTP Replacement
  • Projects going to City Council for Construction Award
  • 73rd Street from Heards Lane to Avenue N-1/2
  • Projects Advertised
  • 18th Street Drainage from Ship Channel to Seawall
  • Projects in Pre-Construction/Construction:
    • 24 inch transmission line from 59th Street Pump Station to the Airport Pump Station to provide redundant feed, upgraded capacity and pressure to the Airport Area and West End.
• Seawall Mill and Overlay from Ferry to Bodekker Rd—now in construction
• Pirates beach water loop design to improve capacity and pressure in the region
• Downtown Livable Communities Pedestrian and Transit Improvements (TXDOT, City, FTA funded)
• 48th Street Broadway Intersection and Northern Ditch Drainage Upgrades
• 25th Street Reconstruction from Broadway to Seawall
• Broadway Bridge Block Drainage Crossings Upgrades
• 49th Street Reconstruction design from Avenue P to Avenue S-1/2
• Traffic Signal design enhancements for 45th Street to replace span wire (existing left) to mast arm (proposed-middle and right pictures below)
• In-house Designed/RFP Prepared Projects in Advertisement-Construction:
  • 27th Street Phase II Traffic Calming, Landscape, Hard-scape Improvements Avenue O to Seawall (Awaiting US Army Corps Approval on Seawall Median-rest in Construction)
• Water-loss Abatement
• Water Valve Exercise and Upgrades
• 27th Street Phase III Traffic Calming, Landscape, Hard-scape Improvements Broadway to Market
• Generator and Dewatering System for the Galveston Trolley Facility
• In-house Designed Projects Construction Completed:
  • Downtown Gas Lamps Project
  • Miscellaneous Neighborhood Projects
  • Construction Engineering Design Support:
  • 45th Street Reconstruction Broadway to Seawall
• 25th Street Reconstruction Broadway to Seawall
• Airport WWTP
• ROW Construction Permits and Culvert Permits Engineering is Responsible for are now in Accela; currently advancing the following Permits to also be programmed into Accela in coordination with IT:
  • Temporary License to Use (TLTU)
  • Parking Permits
  • MSD Permits
  • Subdivision Construction Plan Permits
  • Handicapped parking permits
• Utility 5G and Routine fiber optic network transport, gas and electric Permits
• Developer Pre-Development Engineering Support:
  • Assisting developers and engineers with roads, drainage, water and sewer design by providing design criteria, codes, guidelines, solutions for unique challenges, etc.
• Addressed drainage challenges with the design of Low Impact Development (LID) Bio-Swale and Paver Drain System.
• Field Visits, Inspections and Permits Processed:
  • Commercial and Residential
  • ADA Parking and Temporary License to Use
  • ROW Construction (driveways and culverts)
  • 5G Cables, New Power Poles, fiber optic, Gas, and Electric
• Address Permits
• Municipal Setting Designations
• Subdivision Construction Plans
• Fill Permits
• Sign Permits
• CDBG Grant Application with Conceptual Design-59th Street Saladia Pump Station and Storm Sewer Improvements encompassing a large drainage area South of Broadway between 61st and 41st Streets, approximately $135 Million.

• TWDB Grant Application with Conceptual Scope-Citywide Drainage Master Plan with Pump Stations and 25 Year Storm/Atlas 14, Tidal Inflow Mitigation, approximately $1 Million.

• 25th Street Broadway to Seawall Contractor Mobilization,

• 73rd Street from Heards Lane to Avenue N-1/2 Contract Award

• Seawall Mill and Overlay from Ferry to Bodekker Rd Contractor Mobilization

• Downtown Livable Communities Pedestrian and Transit Improvements Contractor Mobilization

• 18th Street Drainage Construction

• 49th Street Reconstruction from Avenue P to Avenue S-1/2-Contractor Mobilization

• Broadway Bridge Block Drainage Crossings Upgrades-Contractor Mobilization and Modeling to improve Broadway Drainage by utilizing the large storm sewer boxes conveying drainage to ship channel

• 24 inch transmission line from 59th Street Pump Station to the Airport Pump Station to provide redundant feed, upgraded capacity and pressure to the Airport Area and West End Contractor Mobilization:

• 14th Street Pump Station and Storm Sewer Upgrades HMGP DR-4332-024 30% Design--Design Concept Sketch Below

• Airport Pump Station and Ground Storage Tank Improvements Construction Contract Award

• 35th Street Reconstruction Broadway to Post Office Construction Bid Advertisement

• Church Street, 35th to 37th Drainage Improvements Construction Bid Advertisement

• Seawolf WWTP Replacement Construction Bid Advertisement

5.4 MG Potable Water Storage Tank and Airport Pump Station 60% Design; 40 feet tall tank is expected to be similar to the photo shown next:
LAST MONTH’S ACCOMPLISHMENTS

• Installed card access on two entry doors at City Hall
• Polished the terrazzo floor tile in City Hall
• Started the City Garage roof replacement project.
• Completed the gutter and downspout project at the 30th Street Pump Station
• Managing the punch list on the New Fire Station
• Ongoing construction of the New Public Works Facility
• Ongoing construction of the old 30th Street Electric and Water Station
• Handled and completed 345 work orders

UPCOMING PROJECTS

• Clean out the attic at City Hall and remove abandon duct work.
• Assisting Fleet Facilities with the City Garage roofing project
• Continued managing the punch of the New Fire Station Project
• Ongoing construction of the New Public Works Facility
• Ongoing construction of the old 30th Street Electric and Water Station
• Assisting the Airport with the Control Tower Project
FINANCE

BUDGET

UPCOMING PROJECTS

- Continue Banner 9 familiarization sessions and documentation of processes
- Complete network installations and coordinate set-up and deployment of computer equipment to the new Public Works facility
- Research automation of security patching and software updates
- Continued audit of inventory and preparation to auction surplus equipment
- Identify and prepare for replacement of equipment and software at end of life
- Upgrade five (5) micro workstations in Conference Rooms
- Continue development of a standardization policy for deployment and troubleshooting procedures
- Work with League City to complete network configuration changes needed to provide access to software for the City Marshal personnel
- Inventory all remote network equipment
- Update firmware on network components
- Configure and update data back-up procedures
- Deploy twenty (20) replacement desktops to Wright Cuney and McGuire-Dent recreation facilities
- Audited AD User accounts
- Mitigated security risks to the City’s network by blacklisting fifteen (15) addresses/domains and blocking seven (7) IP addresses related to phishing or spam
- Created new Public Information Email Query server
- Created and deployed a meeting minutes form through Laserfiche for the City Secretary’s office

Information Technology
**GIS Division**

### Last Month’s Accomplishments

- Responded to six (6) Public Information Requests
- Addressed twenty-six (26) map service and web map/app items for City Manager’s Office, Public Works, and Development Services
- Conducted maintenance configuration updates to thirty (30) image service, map service, and web map/app items to increase database and web map performance
- Conducted data updates to three (3) datasets for the City Manager’s Office and Development Services
- Completed eleven (11) map/data requests consisting of:
  - 2 parcel maps for Legal
  - 4 utility maps for Public Works Engineering
  - 4 utility template maps for Public Works Engineering
  - 1 City Property web application for City Manager’s Office
  - 1 Well Location web application for City Manager’s Office
  - 1 map and spreadsheet of the 2019 Historic District and Landmark permits for Development Services
  - 3 utility maps for Public Works Municipal Utilities
  - 2 water utility maps for Public Works Municipal Utilities

### Upcoming Projects

- Continue map and data drafts for the FEMA Recovery Division’s grant project maps
- Launch the City Staff GIS training program
- Launch the My Government/Neighborhood map application
- Continue development of the City’s ArcGIS Data Hub website
- Continue discovery for a Fire Hydrant Inspection GIS application
- Continue collaboration with the Finance department on the drainage fee project
- Continue image service, map service, and web map/app maintenance
- Continue collaboration with Development Services on the Damage Assessment application
- Continue developing the as-build submittal guide with Engineering & Construction divisions
- 1 beach survey data request from the Park Board
- 2 sidewalk and building footprint data requests from Public Works Engineering data for the 14th Street Drainage project
- 2 zoning and parcels w/ multi-part parcels for the Finance drainage fee project
- Held drainage program kickoff meeting for Finance regarding GIS requirements
LAST MONTH’S ACCOMPLISHMENTS

• January Accomplishments
  • Routes 1 & 2 - 6,272 trips
  • Routes 3 & 4 - 2,666 trips
  • Routes 5 & 6 - 10,857 trips
  • Route 7 - 1,673 trips
  • Rubber Trolley - 7,368 trips
• Harris County RIDES - 1,798 trips (Source: Most Recent Invoice For November 2019)
• Submitted reporting documentation to the NTD for Island Transit’s FY2019 financial and service data reporting year.
• Island Transit received its Triennial closeout letter from the Federal Transit Administration indicating all findings have been fully resolved.

UPCOMING PROJECTS

• Researching funding sources to replace fleet vehicles that have exceeded their useful life through the FTA Low or No Emissions (LONO) grant.
• Reviewing the feasibility of installing a comprehensive camera system on the fixed-route fleet using multiple funding sources.
• Commence conditions assessment of Island Transit facilities including bus stops, buildings, and other capital assets.
PARKS & RECREATION

PARKS & MAINTENANCE

LAST MONTH’S ACCOMPLISHMENTS

• Mowed grass and maintained litter from all City-Owned or City-Managed Parks, Ballfields and Facilities as well as main thoroughfares, right-of-ways, City owned cemetery’s and the I-45 feeder roads
• Completed Implementation of Park Keeper Program for City Owned Cemeteries
• Completed Kempner Park walking trail
• Completed Installation of Gus Allen Dog Park Fencing
• Completed Installation of palm trees and landscaping in Schreiber Park parking lot islands
• Completed moving of Equipment to Jones Park
• Completed removal of Graffiti on Skate park
• Completed removal of (2) large pillars concrete in Adoue Park under swing set
• Completed repairs at Lindale Park Restroom, and Dog Park and top of Picnic Tables
• Completed Installation of 4 pallets of grass at Carter Field
• Completed Installation of New sign at Menard Skate Park
• Completed Installation of door on trash bin at Menard Park
• Started on Lasker Park Tennis Courts Repairs
• Received Purchase Orders for Lasker Tennis Courts, Kempner Park lights, Bernard Davis bleachers
• Purchase ordered requested for Bandshell Electrical and Bedding for playgrounds as needed

UPCOMING PROJECTS

• Continue mowing grass and maintain litter from all City-Owned or City-Managed Parks, Ballfields and Facilities as well as main thoroughfares, right-of-ways, City owned cemetery’s and the I-45 feeder roads
• Install Shaded Park Benches at Lindale Park
• Replace Slats on Benches, Chairs and Tables at Fort Crockett Park, Refurbish metal components
• Continue repairing irrigation leaks where needed
• Removal of playground equipment at Wright Cuney & San Jacinto
• Continue repairs to Parks equipment and ma-
LAST MONTH’S ACCOMPLISHMENTS

- Adult Programming
  - Including Exercise Classes, Futsal, Latin Dance, Tennis leagues, Pickleball, Badminton, Yoga, Adaptive Tennis
- Youth Programming
  - Continued with Youth Programs at both Wright Cuney and McGuire-Dent
  - Including arts and crafts, trumpet, karate, tennis and open gym and game room, along with computer lab
- Community Meetings
- Families, Children & Youth Board
- Parks & Recreation Advisory Board
- Better Parks for Galveston
- Tree Committee
- Community Outreach including Support Groups and working with the Gulf Coast Center and Josephine Sullivan Foundation
- Mind, Body, and Soul exercise session hosted by B’Nai Temple Israel every 4th Tuesday at 7am at McGuire Dent
- Continue After School Youth Programs at Both Recreation Centers
- Wright Cuney Membership Totals: Adults: 759, Seniors: 29, Youth: 832
- Working on upcoming projects for Parks and Recreation
- Replacement of Floor at McGuire-Dent completed
- Replacement of Gym Floor at Wright Cuney Recreation Centers
- Started on Painting interior walls at Wright Cuney

UPCOMING PROJECTS

- Complete the Bid process to build-out new deck at Lasker Pool
- Continue upgrades to the Parks and Recreation webpage and Facebook account
• Construction on women’s shower drains continues.
• Continued editing logo and marketing material for Lasker Summer League Swim Team
• 75% completion on re-mulching/landscaping
• Attended TPPC 2020 Conference
• Won the following awards at TPPC 2020 Conference: “2019 Agency of the Year”, “Best of the Best Photograph Challenge Winner”, “Facility Photograph Winner” *photo attached
• Hosted GPD Police Academy – Every Wednesday in January.

LAST MONTH’S ACCOMPLISHMENTS

• January 7 – Airport staff attended the Industrial Development Corporation (IDC) meeting to update committee members on airport operations, projects and possible funding for airport-related projects.

• January 13 & 14 – Dr. Melissa Karlin, with St. Mary’s University and students from Texas A&M, were at the Airport collecting coyote DNA samples and photos as part of the ongoing year-long study of the rare, extinct red wolves found at the Scholes Airport and surrounding area. The Red wolves have been extinct for nearly 40 years, but the genetic analysis found that the Galveston canines appear to be a hybrid of red wolf and coyote.

• January 14 – TxDOT received two responses to their Request for Qualifications to update the current Airport Master Plan. The Selection Committee will conduct interviews to make the final selection on who will perform the Master Plan Update in March. TxDOT Aviation will complete negotiations with the successful firm and issue a notice to proceed in April or May. The Master Plan Update should take approximately 12 – 16 months to complete.

• January 21st – The pavement work is done on Runway 14/32, all five taxiways and the North Apron has been completed. TxDOT Aviation ($4,662,000) and TIRZ 14 ($518,000) funded this project, which came in under budget.

• Click here to view fuel report
UPCOMING PROJECTS

• February 11 – We will hold our first Airport Advisory Committee meeting of the new year. The committee will discuss the upcoming Galveston Island 150 Air Race and a possible Biplane Fly-in. Additional discussions include multiple airport facility upgrades, current and planned capital improvement projects, the upcoming Airport Master Plan Update, and review of the current airport budget.

• Air Traffic Control Tower (ATCT) Exterior Rehabilitation Project – Weather delayed on-site work at the ATCT in January. J. W. Kelso and Cobalt Engineers are working with subcontractors to ensure the roof and safety railings meet existing building codes. Tower Cab repairs include replacing the existing roof and HVAC units and installing new stainless-steel safety rails. All window frames and sheet metal will be treated for corrosion and painted. All joint seals will be replaced in the exterior walls, and new stainless-steel vent covers will be installed on all exterior wall penetrations. Once work begins in February, it is expected to take approximately 60 days to complete. Facilities Maintenance and Construction Management is assisting the Airport with this project.

• 2020 Pavement Rehabilitation Project – Lochner Engineering continues to work on the design and engineering for this $940,000 pavement project. Work includes rehabilitation of the asphalt sections of Runway 14/32 and installing new joint seals on the North Apron. Construction is expected to begin this summer and finish by the end of 2020. TxDOT Aviation is funding 90% of this project, the IDC funded $55,000 and the Airport funded $39,000 of the required 10% match.
