June See’s The Return Of The Trolley Buses

The waves of progress continue across the island and May was a productive, and busy month for all of our departments.

Island Transit spent the month preparing for the return of the trolley buses, while the rail car trolley’s were geared up for their trip to Ida Grove. They also finalized, with council approval, changes to the evening and weekend service that will make their operations more efficient and cost effective. In the trolley buses first six days of service we were able to move 2,753 people around the island with their vehicles parked. We anticipate that ridership will continue to grow as people become more aware of the service.

Construction progress continues to be made on numerous projects throughout the city. The Seawall Beautification projects have had steady progress this month completing underground utilities and we are hopeful that they will be completed by July. Work on the Stewart Road sidewalks has resumed and visible progress is being made. The community pool is nearing completion and we are looking to announce a grand opening date in July. We also awarded two design contracts at the May council meeting for the 73rd Street from Heards to Ave N ½ and 45th Street from Broadway to Seawall.

The City Marshal’s office continues to show that focused efforts on code enforcement, as well as the ability to issue citations directly, has helped expedite resolution of code enforcement cases. In May alone they were able to close 287 cases, while processing 745 self initiated and complaint based calls for service.

This report is such a great resource for residents. While progress around the City is hard to miss, there is so much more that staff works on day in and day out. Take the time to read through this and you will see why I am proud of the work our employees are doing. Let’s keep moving Galveston forward!

Brian Maxwell, City Manager
Code Enforcement

• What we have coming up in June and July:
  • Code Enforcement is now handling the removal of abandoned vehicles in the City right of way.
  • There are fourteen (14) Housing Abatement cases scheduled to be heard in June.

• What we did in May:
  • 54 Nuisance issues were abated by the City
  • 68 Municipal Court Cases Heard
  • 276 complaints received from public, generating 32 cases
  • 478 cases were self-initiated in the field
  • 287 cases were completed and closed
  • Staff processed 754 self-initiated and complaint based calls for service this month
Construction Department

• What we have coming up in June & July:
  • 27th Street Improvement Project will begin.
  • Stewart Rd. sidewalks should be finished, weather permitting.
  • Lasker Park should be finished, weather permitting.

• What we did in May:
  • Installations of shade structures and slides in Lasker Park.
  • Announcement that the city will be going to bid for the construction of Fire Station #1.
  • Continued installing underground utilities for the Seawall Beautification Project. Bus shelters and bollards have also been installed.
  • Sanitary sewer on 23rd and Ave. M has been completed.
  • Sea Isle Subdivision drainage has been completed.
Development Services (Building Division)

- What we did in May:
  - Permit Report from Building Division. See attached.
  - We issued 435 permits, totaling $8,994,246.09 in job value.
  - We collected $62,907.52 in fees.
GEDP – Economic Development

• What we have coming up in June:
  • International Bio Trade Show in San Diego June 19-22 (Galveston is one of 50 participating entities in statewide booth exhibit)
  • Collaboration with UTMB, League City and Galveston County for event on June 28, 2017 - Creating a Healthcare and Medical Innovation Ecosystem.
  • Presentation to the Downtown Rotary Club on June 14, 2017.

• What we did in May:
  • Project Development: 9 prospect inquiries were reviewed and evaluated; 13 project development meetings; numerous local and/or regional meetings relating to emerging technology, education, maritime development and others.
  • Provided an update to the Galveston Island Redevelopment Authority on Economic Incentive Tools and the possibilities of a Land Bank for Galveston.
  • Hosted the Houston Regional Economic Development Alliance in Galveston at Open Gates on May 17. More than 50 regional economic development professionals heard highlights of Galveston’s economic progress and developments from Dr. Callender from UTMB, Kelly de Schaun from Park Board and Peter Simons from Port of Galveston.
  • Received updates on various initiatives emanating out of GEDP task forces including Maritime; Tourism; and, Education - Healthcare and Emerging Technologies.
Engineering

**What we have coming up in June & July:**

- 73rd Street from Heards Lane to Ave N-1/2 Design
- 45th Street Broadway to Seawall Reconstruction Design
- Roads, Drainage and Water Systems Improvements:
  - Market St – 19th St. to 25th St. Bid Opening and Pre-Construction Phase
  - Market St Sidewalk 25th to 33rd Design Contract Award
  - Travel Air Bridge Construction
  - NEW Fire Station #1 Bidding & Preconstruction
  - NEW Public Works/Utilities Bldg., Design Completion
  - 27th St Improvements Broadway to Ave O – Construction
  - 65th St Reconstruction– Golf Crest to Heards – 81%
  - 51st Street from Broadway to Post Office– Construction
  - Sealy Street from 25th to 33rd – Construction
  - Gulf Dr. Waterline – Construction
  - Avenue S Reconstruction – 53rd to 61st St. – 18%
  - Sea Isle Drainage Construction – 99%-awaiting as-built drawings
  - 69th Street Reconstruction – 100%-awaiting as-built drawings
  - Crockett Park Bidding & Preconstruction
  - 30th and 59th Water Tanks Rehabilitation Bidding
  - In-house Engineering on Master Metering for Water Loss Investigation
Engineering

• **What we have coming June & July-Routine Functions:**
  - Building Permits Design Plan Reviews, Site Inspections
  - Certificates of Occupancy, Site Inspections
  - Subdivision Construction Plan Reviews, Site Evaluation
  - ROW Construction Permits, Field Utility Verification
  - Temporary License to Use,
  - Address Permits,
  - Handicapped License Permits
  - Culvert Staking/Permits, Surveying and Field Survey/GIS Mapping and Updates, VueWorks Going Live GIS Support, In-house Design of Street, Utility and Parking lot projects

• **What we did in May** (Engineering support to Construction):
  - 69th St – Seawall to Stewart Rd Reconstruction – 92% complete
  - Construction of Saladia Ave – Ave S to Heards Ln – 20% complete
  - Avenue S, 61st to 53rd St. Construction – 18% + projects on page 1
  - In-house design completion of 8” Waterline, 27th St Ave O to Seawall & Seawall Median (20%), and Garage/Transit Parking Lot Design (55%), GIS updates of work orders and field GPS of infrastructure
Engineering – May Design Projects

- Well Disinfection Design Wells (2A, 6A, 10, 12, 13, 16, 17)
- Main WWTP Digester Cleaning and Aeration System – 10%
- Lift Station Pump and Electrical Upgrades – 7%
- Seawolf Park Wastewater Treatment Plant – Scoping
- Airport Pump Station Pump and Control Upgrades – Scoping
- Market Street – 25th to 33rd – Scoping
- Travel Air Bridge and Utilities - Preconstruction
- Market Street – 19th to 25th - Preconstruction
- Causeway Waterline Supply Infrastructure Redundancy - 50%
- Airport Wastewater Treatment Plant – 70%
- Pirates Beach Wastewater Treatment Plant – 30%
- Sunny Beach 8 Mile Road Sewer – 80%
- Water (95%) and Wastewater Master Plan (20%)
- Fire Station #1 100% and Public Works Facility–98%
- CDBG Avenue L and M Sidewalks – 100%
- 73rd Heards Lane to Avenue N-1/2 & 45th St--Council Award
- 8” Waterline In-house Design Completion
- 27th Street Avenue O to Seawall & Seawall Median (20%)
- Garage, Transit and Sanitary Parking Lot in-house Design (55%)
- Main WWTP O&M Manual
Engineering – May Design Projects

- Project Design Plan Review and Management for:
  - 59th Street 24” Waterline—59th St to Airport Pump Station – 7%
  - 30” Waterline from RR Bridge to Harborside – 7%
  - Rehabilitation of Water Tanks at 30th and 59th Street Pump Station – 59th (100%) and 30th (100%)
  - Storm Sewer Outfall Condition Assessment – 50%
  - 26th Street from Avenue N to Broadway – 100%
  - 26th Street from Broadway to Church – 100%
  - Strand Pavers 21st to 24th Intersections – 90%
  - 29th St – Broadway to Sealy (95%); Church to Harborside (65%)
  - 33rd Street – Broadway to Harborside (100%)

- In-house Design by Engineering Department
  - 8” Water Line Loop around 30th & Market PW Facility (100%)
  - 27th St from Avenue O to Seawall + Seawall Medians (10%)
  - Island Transit and Garage Facility Parking Lot Design (50%)
  - Cost estimates and conceptual designs – Miscellaneous Projects (Transit Ctr Flood Proofing, Concrete Wall (50%)
  - Development of Design Standards & Engineering Details
Engineering– May-Permits, GIS and Surveying

• Permit Related Functions:
  • Fill Permits and Site Inspections
  • Sign Permits and Site Inspections
  • Predevelopment Concepts – Engineering Support
  • Commercial & Res Bldg Permits – Plan Reviews/Inspections
  • Certificates of Occupancy and Site Inspections
  • Subdivision Construction Plan Reviews and Site Visits
  • ROW Construction Permits – Plan Reviews
  • Temporary License to Use Permits
  • Address Permits
  • Handicapped License Permits
  • Culvert Staking/Permits, Staking and Inspections
  • Surveying and Field Survey/GIS Mapping
  • In-house Design of Street, Utility and Parking lot projects
  • Preparation, Scanning, and Transmittal of As-Builtons and GIS Maps for Development and Capital Improvement Projects
Facilities

• What we have coming up in June:
  • City Hall roof repair project
  • City Manager’s Suite flooring project
  • Relocate the Grants and Housing, City Auditors Offices to 2508 Ball Street
  • Remodel the old Auditors office for Council’s use

• What we did in May:
  • Remodeled the Building Official’s office
  • Airport Terminal Roof project
  • City Hall Roof repairs are ongoing
  • Resealed the exterior decking of Fire Station #4
  • Handled and completed 385 work orders
  • Causeway to 59th and Broadway LED street lighting project
Ferry Traffic For May 2017

The Honorable James D. Yarbrough  
Mayor, City of Galveston  
P.O. Box 779  
Galveston, Tx 77553-0779

Dear Mayor Yarbrough:

The following is a report of traffic over the Galveston - Pt. Bolivar Ferries for the month of May, 2017

Information Technology Department

• What we did in May:

**Highlights**

• Implemented the body worn camera program for GPD. TS and GPD working together completed the implementation process for the newly purchased body worn camera system. This system not only puts a camera on every patrol officers so that their interactions with the public can be recorded. It also added additional cameras in the patrol units, increasing the coverage in that area as well. The video quality of the new system was also increased over that of the older patrol car system. Moving from 480p to 720p quality.

• Deployed the first demo unit for the coming Code Enforcement Mobile Office implementation project.

• Created an extract and review of Tokay data files and an update process for CUSI to link the two systems for synchronization of account data.

• VueWorks development:
  • Research and test asset/pan issues from GIS.
  • Worked to eliminate Public Works DTS duplicates.
Information Technology Department

• What we did in May:

**Highlights**

- VueWorks development continued:
  - Loaded to enterprise geodatabase, version, archive, and enabled editor tracking.
  - Created and configured map services that will integrate with VueWorks.
  - Continued working with VueWorks vendor implementation team to achieve all benchmarks.
- Created new Fupload Banner JV process documentation and training to educate Finance staff on the new process created for them in April.
- Worked with the water billing system vendor to add a conditional statement to the customer’s water bill “Account Under Review”.
- Worked with the water meter vendor and PW staff to do a comparison between Laptop and Handheld reads to resolve a problem with some read locations.
- Developed a new application to extract Accela documents.
Information Technology Department

• What we did in May:

**Highlights**

- GIS development:
  - Map updates:
    - Online maps.
    - Accela maps.
    - Intranet maps.
    - Updated Code Enforcement district boundaries. GIS feature class, web map, and static map.
  - Updated hyperlink string to new GCAD property search.
  - Resolved an issue with internal map viewing and GCAD linking.
  - Created Public Works and DTS Compare web map at the request of the City Manager’s office.
  - Created DTS and Pavement PCI data web map at the request of the City Manager’s office.
  - Added neighborhood CUSI X-Y coordinates and exported the tabular results.
  - Worked with Civic Plus and PIO to streamline flood map webpage.
  - Updated Zoning and Landmarks from old format to new enterprise geodatabase and webmaps.
Information Technology Department

• What we did in May:

**Highlights**

• GIS development continued:
  • DTS data and metadata loaded to enterprise geodatabase.
  • Tested zoning topology changes. Pending final approval by departments.
  • Created Planning and Development divisions internal map on new GIS system.
  • Created Planning and Development 17P-020 zoning analysis and map.
  • Continued moving aerial images to new system schema.
  • Loaded all manuals and applications to documentation center.
  • Began the process of converting New World historic data to the OSSI system.
  • Began the process of creating a standard Outlook signature profile.
Information Technology Department

• What we did in May:
  • Created a set of scripts to compare GCAD parcel and owner data in Accela.
  • Created a set of scripts to update the Accela database based on GCAD data.
  • Updated script used to send emails for CAP Aging to only send one email to Building and Planning.

Pirates Beach Plant flow splits according to flow demand for the Golf Course. When demand is met the remaining flow is discharged into the Bayou. This flow is reported and mailed to T.C.E.Q on a MER - Monthly Effluent Report.

PERCENT CONTAMINANT REMOVAL FROM RAW WASTEWATER (Average Percent Recovery)

![Graph showing contaminant removal percentages for Main, Airport, Terramar Beach, and Pirates Beach.

*TSS - Total Suspended Solids  * BOD - Biochemical Oxygen Demand  * Copper  *NH3-N - Ammonia as Nitrogen

These are permitted parameters set by the TCEQ.

**Main Wastewater Treatment Plant**
1. Blower 1 and 6 out of service at the present time.
2. New Actuator installed on SBR 6 WAS line.
3. AC Compressor for Electrical and Lab rooms not working properly. Plant AC contractor notified.

**Airport Wastewater Treatment Plant**
1. Non Potable water pump installed.
2. RAS pumps need new impellers.
3. 2 blower motors to be repaired. 1st motor was repaired. Purchase order for 2nd motor approved.

**Pirates Beach Wastewater Treatment Plant**
1. Chlorine scales need to be repaired. Purchase Order acquired for repairs.
2. Quotes received to dive and locate pin hole leaks in aeration tank wall.

**Terramar Beach Wastewater Treatment Plant**
1. Screw compactor leaking. Quotes received for repairs.
2. Entrance gate and degritter box are scheduled to be repaired.

**Lift Stations**
1. Lift Station #8 has a submersible pump operating it for now.
2. Lift Station #7 Boddecker has been repaired.
3. Lift Station #1 received purchase order for repair parts.
