- Written Narrative – including concept (land use), development phasing, amenities, lighting, landscaping, materials, number of units and site improvements (if applicable). Narrative must address the criteria for abandonment per Article 6 of the Land Development Regulations:
  - Streets:
    - There is a demonstrated community benefit;
    - The street segment is not a part of a historic district or a potentially eligible historic district;
    - No structure shall be erected within the original right-of-way; and
    - The closure does not negatively impact public safety or traffic.
  - Alleys:
    - Closing the alley is necessary to build a parking structure or orient a mid-rise building as recommended by the Height and Density Development Plan and Design Guidelines;
    - The alley segment is not a part of a historic district or a potentially eligible historic district;
    - Closing the alley would not cause a loss of service access to other properties;
    - Utility service lines can be feasibly relocated, by the developer or applicant following review and approval by the Public Works Department; and
    - The closure does not negatively impact public safety or traffic.

- Adjacent property owner letter(s) – enjoining or forfeiting abandonment option/request

- Written Narrative – including:
  - Justification of request and narrative relating to change in condition and potential land use(s); Concept (land use), development phasing, amenities, lighting, landscaping materials, # of units and site improvements;
  - Write a brief description of how the change of zoning complies with the the five points below:
    1. The proposed and present zoning advance the goals, objective and policies of the City of Galveston 2011 Comprehensive Plan and other adopted plans;
    2. The present and proposed zoning is consistent with the future land use map prepared by staff and accompanying the staff report for this case;
    3. The present and proposed change is consistent with the implementation of existing or planned streets, water, wastewater, other utilities and delivery of public services to the area in which the proposed rezoning is located;
    4. The range of uses and character of development allowed by the proposed zone will be compatible with the properties in the immediate vicinity of the parcel proposed for rezoning and the parcel has sufficient dimensions to accommodate reasonable development that complies with the requirements or the Land Development Regulations including parking and buffering requirements;
    5. The pace of development and/or amount of vacant land currently zoned for comparable development in the vicinity suggests a need for the proposed rezoning in order to ensure an appropriate inventory of land to maintain a competitive land market that promotes economic development, which supports the Planning Commission's decision.
