CITY MANAGER’S REPORT
WWW.GALVESTONTX.GOV/CITYMANAGERSREPORT

NOVEMBER 2018
City staff have been making progress toward reaching our short and long-term goals for improving Galveston while providing the important services our residents depend on every day.

In the last month, you may have noticed some changes around the island, including the addition of palm trees along Harborside Drive to create a more welcoming gateway to our downtown and nearly-completed Market Street improvements between 19th and 25th streets. We also completed the planning and design work in October for the 37th Street and second phase of the 27th Street improvement projects.

In October, our recreation centers began offering a new lineup of classes for both adults and children, in addition to the start of new afterschool programs. Also in the last month, our staff have responded to more than 5,000 calls for service to help residents and provided transportation to more than 7,000 trolley-riders.

Early this month, our special events team, public works crews and police officers helped facilitate one of the island’s largest special events: Lone Star Rally. A time-lapse video on our website shows how quickly crews were able to clean the streets downtown after having more than 300,000 visitors.

This is just a small sample of the work we’ve done in the last month. Please take a look through this report to see some of the other areas our departments have made progress.

Sincerely,
Brian Maxwell, City Manager

STREETS & DRAINAGE

LAST MONTH’S ACCOMPLISHMENTS

• Streets Division has been delayed due to heavy rains during the months of September and October. We have made small progress in the first week of November, and staff is looking forward to warm, dry weather to continue paving operations. As weather permits, we will continue working on the mill and overlay program.

• Drainage Division has been working very diligently on drainage work orders city wide. With all of the rain and high tides, cleaning of the drainage infrastructure has been top priority. Staff has been routinely running debris management operations as proactive measures to keep debris out of the drainage infrastructure. Staff has also been conducting daily storm sewer system cleaning in the downtown district.

• Traffic Division has been working on special events this last month, to include various marathons and the Lone Star Biker Rally. These kinds of events are especially large and require all traffic staff to be on duty to set up the traffic control for the events. In addition to event management, Traffic staff have been working to repair several traffic signals, street luminaires, and traffic regulatory signage city wide.

UPCOMING PROJECTS

• Upcoming Streets Projects – Park from 66th to 67th, Mechanic from 18th to 20th, 29th from Broadway to Sealy, 20th from Harborside to Market, 11th from Winnie to end.

• Upcoming Drainage work – continued gutter pan cleaning, continued storm sewer pipe cleaning, continued ditch maintenance work in Pirates Beach
