DECEMBER 2018

CITY MANAGER’S REPORT

WWW.GALVESTONTX.GOV/CITYMANAGERSREPORT
November was a busy month for the City of Galveston. We’ve made important progress on numerous projects and continued serving our residents in a variety of ways.

In the last month, we completed the design work for the 45th Street reconstruction project – an important improvement for one of the island’s main thoroughfares. Construction on the 45th Street project will begin in the New Year. Also in November, we started construction on a sanitary sewer project in the Sunny Beach subdivision, which will serve many West End residents.

City staff also showed their willingness to come to the aid of communities in need. As roaring wildfires spread across southern California, six Galveston firefighters traveled to the Golden State to assist in battling the blaze. The firefighters were there for more than a week, but safely returned just in time for Thanksgiving.

Speaking of holidays, you might have noticed a few of the many decorations city staff placed around the island, including the tree on Broadway and 25th and the wreaths on the Causeway Bridge. We also had an opportunity to come together as a team on Dec. 5 for our annual holiday employee appreciation luncheon.

In recent weeks, we began final preparations for the demolition of the long-vacated municipal incinerator on Lennox Avenue. City administrations for decades have discussed removing this blighted structure. We’re moving forward and anticipate demolition to be completed by this spring.

As 2018 comes to a close, I want to personally thank every employee for their hard-work and dedication, and to thank the residents who make Galveston such a wonderful place to live and work. I wish all a happy and bright holiday season.

Sincerely,
Brian Maxwell, City Manager
