A MESSAGE FROM OUR CITY MANAGER

The New Year is a time for reflecting on the past and looking forward to what’s ahead. At the City of Galveston, we have much to be proud of in 2018 and much to be excited about in 2019.

In the following pages, you will see how much our team has accomplished in December. We painted the McGuire Dent Recreation Center and received new exercise equipment – both important pieces to serving the more than 6,000 residents who visit the gym each month.

At Scholes Airport, we kicked off a project to rehabilitate a runway, taxiways and the north apron, which will improve the airport’s safety and appearance. The Galveston Police Department celebrated the graduation of its first cadet class trained at Galveston College – the result of a new partnership between the city and the local community college.

Earlier this month, we started the demolition of the old municipal incinerator near the courthouse – a major milestone for the island and an opportunity to create a more attractive gateway to our community.

We’ll soon begin work on the 45th Street reconstruction project. This is an important investment in one of the city’s main thoroughfares. We’ll also repave 25th Street from Broadway to Seawall. These are just a few of the many things we are planning for in the New Year.

There is no better place to live, work or play than Galveston, and we look forward to continuing to serve our residents in 2019.

Sincerely,

Brian Maxwell, City Manager
